OmniTrader is different.

OmniTrader will maximize your use of time - the most precious commodity you have as a trader. There are a lot of software packages available for traders. Most of them come with technical indicators and trading systems, and some even have rudimentary system testing features. But none of them automates the ENTIRE process of figuring out which systems to use, and then actually uses them to find and trade the big moves.

The choice is yours; you can spend hours tinkering with your software or you can spend your time trading.

If you want to do the latter, OmniTrader is exactly what you need.

OmniTrader is the only software with 100% automated system testing, automated signal generation, automatic signal confirmation, chart-based money management and a powerful trading simulator, all built into one program.

Here are the **7** reasons why you will want to use OmniTrader if you're serious about making money in the markets. It's all about time.

OmniTrader[™]

The Power to Trade with Confidence

You can read a ton of books to figure out which indicators to use – and when,

1 Total Automation

You can let OmniTrader do it for you.

BUILT-IN TRADING SYSTEMS!

OmniTrader does it all. It tests the data, generates signals, shows how signals were generated, finds signals with trends or reversals, confirms signals against individual systems, and checks profitability. This means no wasted time trying to figure out how to apply technical analysis. It's all there.

"I LIKE THE EASE-OF-USE AND THE SPEED AT WHICH I CAN REVIEW MY POTENTIAL STOCK PICKS."

- KEITH WILKINSON

THE AUTOMATED ASSISTANTS, PERFORMANCE STATISTICS, SYSTEM AREA AND VOTE LINE HELP YOU WORK SMARTER, NOT HARDER.

4 Money Management

You can use
OmniTrader's
Built-In Stops
Control and
Portfolio

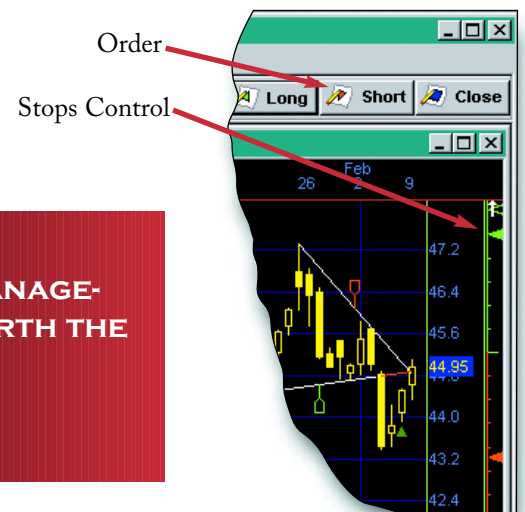

Or

Manager to
manage your
trades.

With OmniTrader, you enter your trades right on the chart. Then, the Stops Control feature lets you conveniently move your stops, and the update feature of the portfolio alerts you when stops have been hit or positions need to be confirmed.

A multiple-account portfolio is built into OmniTrader. You can have several brokerage accounts for stocks, futures, and mutual funds, and can also maintain paper-trading portfolios. It even generates a Schedule D at year end.

You can
invest from
\$200 to \$500
in a portfolio
manager
and write
your stop
levels on
scraps of
paper,

"THE DISCIPLINE AND MONEY MANAGEMENT FEATURES ALONE ARE WORTH THE PRICE ALONE."

- JACK THOMPSON

5 Training

You can practice using OmniTrader's Trading Game.™

You can jump into the market and lose thousands as you gain a market education,

Or

Want to practice your trading skills before committing real money? The Trading Game™, an OmniTrader exclusive, provides the perfect simulated trading environment. A "bank" holds your capital and an equity curve tracks your results against time. You can even "trade" on margin if you want to. The Trading Game will allow you to paper trade using the signals generated by the program as you learn to master the nemesis that affects all traders - the emotions of Greed and Fear. It's the best way to gain the confidence you need to win the REAL trading game. The Trading Game is included FREE with OmniTrader.

"I LOVE THE EDUCATIONAL SIDE OF OMNI TRADER. AN INFORMED AND EDUCATED INVESTOR WILL ALWAYS HAVE MORE SUCCESS."

- JONATHAN CROCKER

You can spend even more time reviewing your charts, indicators, signals, and lines,

6 Today's Trading Signals You can just click.
